SFRC Internal Road in Residential Complex, Pune

Shaktiman MSH
10050 was used in the construction of Internal Road of this Prestigious Project.

An integrated township par excellence, is located at Hinjewadi, Pune. Spread across 150 acres of land amidst the IT hub of Pune, The project is the perfect combination of tranquility and convenience. Such perfection, that you are bound to experience a whole new level of difference. 80:20 open space to construction ratio, a platinum rated Green Home Township by IGBC (Indian Green Building Council). With day care & creche facility, sport facility like cricket nets, badminton, volleyball, basketball, and mini soccer fields. Surrounded by the Sahyadri Range with multiple roads connecting to the Mumbai-Bangalore Expressway.

Amenities include Club house with swimming pools, yoga center, jogging track & meditation place. Apartments with panoramic views. It has one of the largest podium garden (around 16,00,000 sq.ft). Intelligence surveillance system, ample car parking provision.

SFRC Internal Road in Residential Complex at Jalahalli, Bangaluru

SHAKTIMAN® MSH 7560 Steel Fibers are being used in an ongoing Project of Residential complex at Jalahalli West in Bangaluru.

An exclusive residential standalone project with a 16 stories single tower, the project offers its residents a luxurious and gated lifestyle all overlooking Mallasandra lake.

*“I have used
Shaktiman MSH
7560 in all my
pavement projects
for Residential
and Commercial
Complexes. I find
them most user-
friendly”
-Manjunath
(Builder)*

Provides complete privacy and tranquility belie the community’s premier location in the heart of Jalahalli, in North Bangaluru.

Only 76 families will be fortunate enough to call this amazing complex their home. Each residence exemplifies Builder’s uncompromising standards of luxury, originality, comfort and unparalleled quality. Residents will enjoy the seclusion of a private apartment with amenities that only a prestigious and high end projects can offer.

Fully equipped with Swimming Pool, Gymnasium, Club House, Children’s Garden, Landscaped Podium, and a tranquil Jogging Track

SFRC Flooring for Textile Mill, Amravati

An SFRC Flooring is being over 60,000 square feet area using SHAKTIMAN® MSCF 50 with a dosage of 12 Kgs. per cubic metre.

The project is that of an upcoming Textile Mill in the Textile Park of Nandangaon MIDC at Amravati. The premises will be used for processing and storing of Cotton and Cotton Yarn.

The geographical belt being rich in black cotton soil promotes growth of cotton in the region and hence an excellent region for textile yarn mills.

SHAKTIMAN® STEEL FIBRES used in 2 Lakh Square Feet Auto Parts Mfg. Unit, Faridabad

2 Lakh square feet area is constructed using SHAKTIMAN® MSH 10050 Steel Fibers in an ongoing Auto parts manufacturing factory in Faridabad. Project of this factory was completed in 30 days using Tremix technology. Flooring area, Internal Roads, Parking Area etc. have all been reinforced using SFRC technology

SHAKTIMAN® MSH 10050 is being used the casting of flooring (Above)
